Oils and Specialties Go Higher After Selling Wave Passes

CHICAGO GRAIN.

CHICAGO Jan 20 — Apparently erronrous assertions that the Argentine export
tax on wheat had been removed led to
declines in the wheat market today but
a quick rally ensued. The rally was due
to opinions that the supposed removal
had nothing to do with the 1221 cron.
On the other hand, bears contended that
world financial and economic canditions
precluded any sharp advances for grain.
Opening prices, which varied from '5 to
2½c lower with March \$1.71% to 1.72
and May \$1.62% to 1.62, were belowed
by upturns that in some cases went
above yesterday's finish.

Corn swayed with wheat. After overing 3c lower to 5c advance, lectuding
May at 68% to 68%c, the market sagged all around and then accred slight
gains.

Outs were recovered by the action of

other cereals, starting unchanged to selectioner. May 447h to 15c, and after a mederate general setback recovered in full. Lower quotations on hogs pulled down provisions. provisions.
Subsequently, absence of wheat export
unsiness together with indications that a
tending long was selling did a good deal
to weaken the market. Prices closed
